[Special to The Times-Dispatch.] Wilmington, N. C., November 5.—One of the prettiest of the wedding events of the week was the marriage Wednesday afternoon of Miss Lucy Pate Walsh, daughter of Mr. and Mrs. P. H. Walsh, and George Saville Brown. The wedding was solemnized at Grace Methodist Church, the ceremony being performed by Rev. T. A. Snoot, pastor of the church. The color scheme most artistically carried out with beautiful decorations, was blue and white. The bride was attended by both a maid of honor, her sister, Miss Mae Walsh, and a dame of honor, Mrs. David Clarence Marshall, of Richmond, also a sister. The bridesmaids were Misses Mallie Houston, Custis Meredith, Blanche Penny and Carolyn Brown. The best man was Clarence Brown, of Richmond, and the groomsmen, George Lee, of Petersburg; William Andrews, Robert King and Frank S. Echols. The ribbon children were little Margaret Walsh, Marjorie Bonitz, Douglass Kelly, Clarke Huggins and Mary Pickett. Following the ceremony a delightful reception was held at the home of the bride's parents, and upon the conclusion of which Mr. and Mrs. Brown left on a Northern bridal tour. The out of town guests included Mr. and Mrs. D. W. Way of Sanford, Fla.; Mr. Brown, of Richmond; Mr. Lee, of Petersburg; Mr. Harlow, and Mrs. Joseph E. Crosby, of Richmond.

The loss of the registers of the parishes in Virginia is a pathetic fact. The one register left of old Christ Church, in Middlesex county, covering the years from 1653 to 1812, is a priceless mine, and full of sad and humorous chronicles; for evident reasons certain names have much fuller consideration than others.

For instance, we find "Richard Perrott, the son of Mr. Richard Perrott, died, was born the 31st of February, 1657. Being the first man child that was borne in Rappahannock River of English parents."

Who was the first woman child? And was this unique Richard really born in Rappahannock on a boat? Or does the register mean upon its banks? The latter we opine. The register continues "Sarah Perrott was borne in Ware Parish, in Gloucester county, on a Sunday about 2 o'clock afternoon, the 16th of August, 1657, being the daughter of Major Thomas Curtis, by Avorilla, his wife, and was married to the said Perrott 11th of Feby., 1673. Being then the widow of one Mr. Wh. Halfhide."

Robert, born 1707; Sarah, born in 1708; William, born 1712; Betty, born 1714; John, born 1720; James, born in 1722.

Curtis (3) married Anne, and had Avarilla, born 1721; Anne, born 1723; Clara, born 1716; Curtis, born 1718; Agatha, born 1721; and Charles, born 1729. Clara married William Marks, and Avarilla married William Long.

Here endeth the register of the descendants of the first male child born in Rappahannock River! But the register does affirm that Richard Perrott, Sr., was president of Middlesex County Court and departed this life 11th November, 1656, and his wife, Margaret, died the next year.

This first Richard lived first in York county, then in Lancaster, moving across the river to Middlesex.

Sarah (3), the second child of the second Henry, married Paul Thilman; and her brother, Henry (3), "in consideration of the love he bore her," conveyed to her and her husband a plantation called Perrott's Quarter and 300 acres of land adjoining.

Here endeth the register of the Perrotts. But the descendants of this first man child born in the Rappahannock may have a fuller record, which, if they will supply, we will publish. The first Richard was president of Middlesex County Court and departed this life 11th November, 1656, and his wife, Margaret, died the next year.

The first Richard, also had a son, Henry, who entered Gray's Inn November 14, 1674. He was the first American known to enter this Inn. He must have died without issue. Richard Perrott was member of the vestry of Christ Church in 1663.

We find in looking over this Middlesex register that as early as 1658 the white people objected to the meeting of negroes on the various plantations. In this year at a General Assembly at James City the following act was passed:

"Whereas, the frequent meeting of considerable numbers of negro slaves under pretence of feast and burials is judged and deemed of dangerous consequences, for prevention whereof in future be it enacted, etc., it shall not be lawful for any negro or other slaves to arm himself with any club, staff, gun, sword or any other weapon, or to depart from his home without permission from his master."

An act in 1652 asserts "that no master or overseer shall at any time after the 20th of January next knowingly permit or suffer any negro or slave not properly belonging to them to remain or be upon his or their plantation more than four hours at any one time."

Old registers are very candid. They set down not only births, deaths, and marriages, but when those commandments which are set up on either side of the pulpit and read solemnly every Sunday are broken, the old register records the wanton breach, and, concealing some of her statements and conclusions, in my sketch of this family (March 19, 1910) I mentioned the names of Daniel, Christopher, Charles and Robert. Therein I traced the oldest son, married Katherine (5), and had

Neale descendants, his sons dying with out issue. As to Charles and Robert, made no claim to any knowledge of their line. From the searching I have personally made in several counties in Eastern Virginia, I concluded the or their children had removed at an early date from Northumberland county to other nearby counties, and also to more southern States. (I have heard of a Judge Christopher Neale, note jurist, of Newbern, N. C., about the middle of the eighteenth century.) But Christopher, son of Lieutenant Daniel Neale, is the progenitor of my line, and am sure. He married Hannah Rodham, and they had six sons—Richard, Christopher, Daniel, Matthew, Rodham, and John Neale. These were of Northumberland county, but while there was a Daniel Neale in this county, who died 1710, there was also a Daniel Neale in Westmoreland county (will of 1713). The question arises which of these two Daniel Neales was son of Christopher and Hannah (Rodham) Neale, which point seems to me easily settled when one considers how careful parents were in those days to hand down family names to their children. Now Daniel Neale (will of 1713, in Westmoreland county) married a woman named Elizabeth Neale, rather than the Daniel Neale own and grandfather's name). Christopher for his father, Rodham (his mother's maiden name) and Frances, a name which in 1713, and in order given here, with "desire they should remain with their mother until the marry, are of age to leave by her case"—apparently all under age. B. Ursula (Presley) Neale, in 1719, w. the wife of Wharton Randall, and 1753 his son, Edward Randall, and it is he that the Daniel Neale, who married Elizabeth Wilkey was of the English line of Neales, who settled in Maryland in 1649. I have been told all this may wounder, I have much to say have not been accounted for, and one of his sons is supposed to be settled in Virginia. From this I may further inform you, that the Christian name in different families same generation. Captain James, a brother and also an uncle, have written at any time, I will be grateful for any information.

RHEUMATISM PAINFUL & DANGEROUS

Rheumatism is due to a diseased condition of the blood cells and corpuscles, brought about by an excess of uric acid in the circulation. It is not only a very painful disease but an extremely dangerous trouble. The briny, acid state of the blood gradually forms a coating over the muscles, and by depositing a cement-like substance in the joints frequently terminates fatally, or leaves its victim a hopeless cripple. It is natural to "doctor" the spot that hurts, and it is quite right to use liniments, hot applications, etc., to get temporary relief from a painful joint or swollen tendon; but Rheumatism is not a skin disease, and such things, when depended on alone make one careless, and the disease gets a firmer hold on the blood. S. S. S. cures the disease because it is the greatest of all blood purifiers. It goes into the circulation, and removes every particle of the irritating uric acid, builds up the blood, makes it rich and oily, and in this way prepares it for the proper nourishment of all joints, muscles, nerves and bones. If you have Rheumatism, get the uric acid out of the blood by taking S. S. S., a purely vegetable medicine, and enjoy freedom from its misery. Book on Rheumatism and any medical advice free to all who write.
